/ BIOGRAPHY

/ WORKS

Mila Mayer, born in 1966, Rio de Janeiro, Brazil

Mila Mayer started her life as an Economist. Her childhood She has been spent between Brazil and Europe. Since her early years Mila has been making records of her life through photography. After raising her family and establishing a life in Switzerland, Mila could finally devote herself to photography. She has studied at Escola Panamericana de Artes in São Paulo and has done many online courses showing a rather fast adjustment to the digital world. In 2011 Mila Mayer has been introduced to the Art World with much success. Mila's work has been presented at sp-arte since 2013.

Mila Mayer is an international artist that shares her time between Brazil and Europe. Born in Brazil of a German father, she inherited both a European aesthetic tradition and a Brazilian sense of color.

Her love of nature has inspired her fine art work and her curiosity has taken her all over the world. After raising her children and spending time in the business world she is now devoting herself to her love of photography.
